BOARD OF TRUSTEES

February 27, 1973
Bangor, Maine

PHYSICAL PLANT COMMITTEE

PRESENT: Chairman J. H. Page, V. P. Currier, K. H. Ramage and W. H. Horton; R. N. Haskell (left early). Staff: D. R. McNeil (left early), S. L. Freeman, H. L. Fowle, A. S. Buswell, R. J. Spath (late), S. F. Salwak, F. S. McGuire, R. A. Eustis, A. J. Mraz.

Chairman Page convened the meeting.

Capital projects. The Committee reviewed the staff report on the status of capital construction projects. Mr. Fowle and Mr. McGuire responded to questions on the individual items and Mr. Fowle reported on the Computer Center project which has been challenged by the State Commissioner of Finance and Administration.

Physical Education Building, UMFK. Mr. McGuire presented the schematic design for the Physical Education Building, University of Maine at Fort Kent, and outlined briefly the modifications to the original plans which were necessary to bring this project into line with available funds.

Library, UMPI. The Committee examined the architectural rendering of the Library project for the University of Maine at Presque Isle. Dr. Freeman raised questions about replacement of the tennis courts which are currently located on the building site. Since the courts are important to the Physical Education program, the Presque Isle administration hopes they can be replaced at an early date.

Mr. Fowle briefed the Committee on the status of pending legislation which would, if successful, revise the Maine School Building Authority to include the University of Maine. Mr. Fowle thought that passage was doubtful.

Adjournment.

From a taped recording of the session.
